

Dear Brothers,

Well, going into the backstretch of rush, we are certainly not ahead. There are a lot of good rushees who are undecided and we may lose them to the Alph's and Delts. For their 27th, 28th party, the Alphs sent out their invitations a month early. Thus, a lot of good 'ees will be with them on the pledging date. It will really hurt us if we don't have these guys snowed to come to our party on the 27th and 28th. If you have rushees nearby, contact them and take them bowling or something. They are all good guys and you should have no trouble becoming friends with them.

If you have no rushees around, write letters to some of the others on the list we sent with the last letter.

Things around Norman are going well. Szafranski has been dating one of the dancers at the Essex Club. She's a Hawaiian and her name is Kamana Wana Leya. Baptist got left in Ark. City, spent the night with three very liberal chicks, and hitch-hiked home the next day. Ask him for details if you want a 60-minute play-by-play.

The Grand Lake Rally went well and we want to thank all those who helped us with it. We have some other good ones coming up that we'll need help with, so please pitch in for a while longer. Here's the schedule.

July 7,8 - Float trip down Illinois River. It may be too late by the time you get this.

July 14, 15 - Big one at Enid. Bring dates and swimsuits. Reserve rooms at the Ramada. It will be at the Enid C.C. Sat. nite. Call if you need more info.

July 21 - Keystone Rally. We will have Ed Cochran's boat and need others in the area with boats to bring them.

July 27, 28 - This is the crucial weekend. We need everyone there. Friday night is a party at Lincoln Plaza for cocktails and ours d'ouvres. Wear slacks and tie and be prepared to stay semi-sober. We need to be serious with these guys because this is the day before signing.

July 28 - Date party either at Jockey Strap or the Cabana in the City. This will be the knee-walker of the weekend.

Guys, we really need help on rush. Our house record gives us a good edge with the rushees. But, if we don't advertise it, it's going to be useless. Talk to the 'ees as much as you can. Let us know if you have questions. We will have another letter to fill you in on the 27th and 28th. Until then, plan on being there.

- Kai -
